# Interim Summary

Critical location is a small cluster of buildings some shops. on a small gentle hill. streets are mainly dirt. There is a general absence of traffic sounds. The air is clear, dusty and darkening or darkening. buildings are like adobe and are dirty white or dirty brown. There are domestic animals here and the area has a feeling of poverty and unrest. I think place is where the WEA agent is being held

Area has young people outside. The building itself is 2 stories maybe 3. Area has a feeling of hot walls on a warm Saturday night in August most of buildings in area are smaller than the building where subject is. The building is dark has deep over windows.

The people occupying the cluster of buildings are all men. Many of them are in early 20s. They are all "hard cases." This camp had a definite paramilitary feeling to it.
